(Q2 & H1 - FY25)

SAH **POLYMERS LIMITED**

Manufacturer & Exporter of Flexible Intermediate Bulk Containers (FIBCs), Polypropylene Woven Bags, BOPP Laminated Bags

HIGHLIGHT: BRC CERTIFICATION FOR FOOD AND PHARMA STANDARDS

We are excited to announce that we have embarked on a journey to upgrade our processes and standard operating procedures and have obtained the BRC Audit Certification, which will enable us to supply to the lucrative Food, Pharma & Beverage Industry.

Our manufacturing facility recently underwent a rigorous audit by Intertek Certification Limited (UKAS014), evaluating our adherence to BRC standards for the production of packaging materials for food products. The scope of the audit included:

Manufacturing Processes: Tape extrusion, weaving, extrusion, lamination, cutting and stitching.

Product Focus: Flexible Intermediate Bulk Containers (FIBCs) made with polypropylene (PP), UV stabilizers and other additives for both food and non- food product applications.

We are strategically entering the food and pharma grade bulk packaging market with a meticulous focus on quality, compliance, and sustainability. These industries have distinct quality requirements, and these products have potentially better margin profiles. This approach positions us for sustained growth and long - term success in these pivotal industries, reinforcing our market presence in these sectors.

MANAGEMENT COMMENTS

Commenting on the performance of the quarter and half yearly ended 30th June, 2024

Mr. Murtaza Ali Moti (Whole-time Director) said:

We are pleased to report a robust year-on-year total income growth of 24% in Q2 FY25, driven by higher capacity utilization. This strong performance has also resulted in improvement in our PAT margin for the period.

However, we did see a slight increase in other expenses, primarily due to higher ocean freight costs and additional production expenses related to enhanced checks and quality control measures implemented in our new Modi Unit for BRC Certification and food-grade bag production. While we have started to market our food-grade bags, the investment in improved production processes and stringent quality controls is reflected in our current financials.

Overall, our business remained consistent during Q2, and we continue to focus on optimizing operations and enhancing product quality as we progress through the financial year.

Thank you for your continued support and trust.
